Odyssey Day Camp is a summer adventure in fun and learning for kids. It is designed to awaken a sense of awe and wonder in children entering grades 1-6.

The week is filled with cool activities and enriching experiences. Each day kids will have opportunities to experience and learn more about the natural world in which they live.

**Connect with Earth.** Morning activities offer kids opportunities to investigate their connection with the natural world. Activities include exploring the woodland and meadows in the 20 acres behind the barn, learning essential nature skills, gardening, discovering how foods grows, understanding basic nutrition, participating in simple food preparation with Food is Elementary(FIE), and classes in yoga and art.

**Connect with Spirit.** The optional afternoon portion of the camp is all about kids connecting with their inner light and letting it shine. Shine, a wellness studio, will help children engage in body movement, yoga, music, art, creative games, and wellness activities.
